**CLASSES BEGIN
SEPTEMBER 2025**

Preschool offers activities and experiences that help children socialize and get ready for kindergarten. Hands on and developmentally appropriate activities in the areas of math, pre-reading, pre-writing, science, art, and large and small motor skills are offered. Children learn how to make friends and be a part of a group.

Some of the classes are mixed age, meaning 3 and 4 years olds are together in the same classroom. There are many great benefits to this kind of class. The older children learn to help their younger friends, and the younger children learn from the older ones.

Lunch enrichment offers time to further improve pre-kindergarten skills. Children should bring a peanut-free lunch and a drink. Lunch enrichment is paid monthly. Note that lunch enrichment begins a few weeks later than preschool and ends a week before the last day of preschool.
